

# WAYZATA LAKE EFFECT PUBLIC OPEN HOUSE

August 16th

5:30 pm - 8:00 pm

Wayzata City Hall, 600 Rice St

*Please note, no formal presentations will be made. Residents are invited to come in at their leisure to review the alternatives and discuss their thoughts one-on-one with the design team.*

## WAYZATA LAKE EFFECT PUBLIC OPEN HOUSE

The Lake Effect Community Open House will provide residents with an opportunity to walk through, review and discuss with the design team their thoughts on the design refinements for the following areas:

### **Lake Street**

Since Design Validation approval, the Lake St. design has moved forward with a dedicated separated bike facility on the south side of Lake St. The design has evolved to show a careful patterning of planting, jointing and lighting.

### **Lake Street Plaza**

The option to transform the Municipal parking lot into a full park and plaza was chosen at the end of Design Validation. The design includes refinement to program and scale of the flexible outdoor rooms.

### **Depot Park**

The Depot park design since Design Validation continues to evolve to ensure existing uses and character are maintained, while at the same time enhancing accessibility and function.
